Revolutionary new deck system, superb performance

The all-new BR 652/752 series of compact ride-on scrubber/dryers from Nilfisk-Advance represents more than just the latest models.

It represents a huge step forward in cleaning innovation. In fact, a new benchmark has been set that puts these magnificently designed and engineered units way ahead of the competition.

Just look at the features. Super low noise level, ergonomic and a compact design that allows these machines to clean just about anywhere. Then there is the Ecoflex™ green-cleaning system that controls the consumption of water, detergent and energy so effectively that real savings can be gained without compromising performance!

And above all a totally new and patented scrubbing deck concept. Everything can be done just moving the steering wheel; as the machine turns, so too does the deck. Together with the new "intelligent" squeegee - which perfectly covers the scrubbing track without leaving traces - the Nilfisk concept delivers superb cleaning performance.

This solution is so efficient that side skirts are no longer needed.

PRODUCT FACTS

- New sliding deck concept; maximum comfort and performance, minimum efforts and maintenance
- New squeegee concept; a stable and reliable squeegee for the best pick up performance
- Ecoflex™ system minimises the environmental impact without compromising performance
- New ergonomic steering wheel concept with all working functions fully integrated
- Patented automatic speed control that significantly increases operator safety
- Super compact design makes cleaning of restricted space areas fast and easy
- Low noise mode makes daytime cleaning and cleaning of noise sensitive areas viable
