### Low speed for standard cleaning applications

FM400 L machines have a 43 cm brush/pad diameter and it is designed for medium-duty usage, comfortable and fatiguefree operation, effective results. Scrubbing and spray cleaning and stripping of hard floors, for example, are handled efficiently and quickly.

FM400 is also very silent and can be used in hospitals. Safety button, dead switch, high visibility cable, IPX4, automatic click on/off put the FM400 at the edge of safety. Metal frame, big wheels and bumpers, gloss paint, all merged together in a modern design give evidence to the robustness, durability and easy cleaning of the machine.

### PRODUCT FACTS
