Steam and vacuum cleaner for multi-purpose cleaning and disinfection

Steam and Vacuum steam cleaner unit. The SV8000 provides the benefits of steam cleaning with added drying effect of a vacuum pick up. The SV8000 is ideal for cleaning in situations where chemicals are not required or permitted. Steam and vacuum together will leave areas sanitized and dry.

The SV range provides the benefits of steam cleaning with the added drying effect of a vacuum pick-up. Cleaned areas are thus ready for use again in a shorter time.
