A step ahead in ride-on sweeping

The vast majority of ride-on professional sweeping jobs demand a machine that is compact, manoeuvrable and reliable. The SR 1101 represents simplicity and robustness in its most sophisticated form.

Recommended for factory warehouses, car parks and outside areas such as parks and gardens.

The SR 1101 makes cleaning both economical and productive. It is easy to operate and self-explanatory operating panel means less operator training time needed.

The SR 1101 is available in both battery and petrol versions for indoor or outdoor operation with a large range of optional accessories which provides the right tools for specific jobs.

Accessory flexibility permits better and faster cleaning.

Light debris in corners or above floor level can be quickly collected with the remote on-board vacuum system. The 70 litre hopper offers greater dirt storage and less emptying time.

PRODUCT FACTS

- Theoretical productivity from 4.900 to 6.300 m² per hour with the optional left side broom
- Strong polyethylene construction + steel frame; with robust solutions to avoid sources of malfunctions and minimize service require
- 3.6 m² of filter for an optimal dust control. A large flap and 70 l of hopper to easy collect dirt and large debris
- Climbing rate up to 20%
- Battery version offers up to 5 hours of running time
