

More functionality for less

You will find it ideally suited for daily indoor scrubbing and drying in light to medium tasks such as schools, institutions, hotels, smaller supermarkets and other retail outlets. The innovative handle is equipped with a practical LED display showing battery and water levels. Electronic flow control buttons, safety switch and on/off lever give you complete control. Easy, safe and efficient. SC400 gives you better manoeuvrability and makes it easier to clean closer to walls and other obstructions. The squeegee system, redesigned with a foot pedal lifting system instead of squeegee cables and even more resistant, makes the daily job more comfortable and effective. Like all Nilfisk machines, it is built with your needs in mind. Outstanding ergonomics and simple, intuitive controls reduce fatigue and require a minimum of training. You can do your job more efficiently and save time and money in the process.

- 43 cm scrub deck and 21 liters tank
- Practical adjustable handle with LED display shows your battery level and water flow setting. And with all working functions integrated
- Electronic water flow control and safety switch
- Squeegee with foot operated lifting system
- Easy deck regulation for perfect traction control
- Standard filling hose and water filter
- Visible solution hose to easily check water level and to quickly empty the solution tank
