

NILFISK OUTDOOR PRODUCTS

STRENGTH, POWER AND TRANSMISSION

From the idea to a fully developed concept, Nilfisk Outdoor Division develops all products with intensity and commitment - and there is always a new product on the way. We have continually strived to develop purpose-made solutions, created exactly to meet the customers needs and demands.

THE UTILITY MACHINES:

City Ranger 3500, City Ranger 2250 and Park Ranger 2150 have been developed in close collaboration with our customers, with the will to create: One machine for outdoor maintenance all the year round.

Customers made uncompromising demands on:

- high manoeuvrability
- efficiency
- versatility (throughout the year)
- quick shift between attachments
- good view over the attachments
- reliability and rentability concerning investment and operation

The combination of hydraulics and the compact construction has resulted in flexible and powerful machines. One and the same basic unit operates effectively even on the narrowest places with the different attachments throughout the year.

The high level of utilisation - a full 365 days a year in practice - combined with a remarkable reliability makes the Nilfisk Outdoor utility machines particularly cost-effective and a good investment, maintaining outdoor areas at a competitive square metre price.

ROAD SWEEPERS:

Nilfisk Road Sweepers all have high suction and a strong airflow which allows them to pick-up bottles, stones and other heavy debris without clogging. Furthermore a hydraulically operated flap ensures that these objects are picked up without having to stop the machine. The capacity ranges from 500 to 1,300 litres, with large water tanks for enhanced cleaning time. All machines are equipped with stainless steel hoppers for longer working life.

PARK RANGER 2150

No assignment is too small when the slim Ranger sweeps by

- Articulated and compact
- 28 HP & 4 wheel drive
- Quick-Shift in less than 4 minutes
- Tailor made attachments

The Park Ranger 2150 is the basic machine for an all-season range of tailor made Park Ranger attachments. Articulated and just 1 m wide, the Park Ranger utility machine provides professional performance in even the tightest spots and is easy to manoeuvre thanks to its servo steering and a turning radius of just 1.5 m. Four-wheel drive and 28 hp ensure strength and power in all work situations.

Attachment programme: Suction Sweeper Unit, 2 or 3 brushes, Wander Hose, Mulch Mower, Lawn Edger, Tipping Shovel, Environmental Rake, Tipper Trailer, Leaf Suction Unit, Snow Sweeper, Snow V-blade, Dozer Blade, Snow Blower, Salt and Sand Spreader

CITY RANGER 2250

Sweep the city in a user and citizen friendly utility machine

- Articulated flexibility
- 35 HP & 4 wheel drive
- Quick shift in 1 minute
- Tailor made attachments
- Easy and simple handling

The City Ranger 2250 is an utility machine with a complete range of tailor made quality attachments that allows you to work outdoors, all year round. Sweeping in spring and autumn, mowing grass in the summer, removing snow, and spreading salt and sand in the winter. The City Ranger 2250 is market tested, effective and very professional. Designed for versatility, this user-friendly machine is extremely reliable and exceedingly comfortable to operate.

Attachment programme: Suction Sweeper Unit, 2, 3 or 4 brushes, Wander Hose, High-Pressure Cleaner, Weed Brush, Mulch Mower, Rotary Mower, Grass Collector, Lawn Edger, Flail Mower/Verticutter, Hedge Trimmer, Tipping Shovel, Snow Sweeper, Snow V-blade, Dozer Blade, Snow Blower, Salt and Sand Spreader
